

Reference for laser hardening, cladding and welding – LV Midi 1206

LASERVORM

LV Midi 1206

- 5-axes-CNC
- 1 kW fiber laser
- adaptive treatment with position and geometry adaption
- image procession
- central control of all machine components
- programmable beam quality
- travelling range:
X= 670 mm
Y= 300 mm
Z= 300 mm
